Allowable Subject Matter

The following is an examiner's statement of reasons for allowance: none of the prior art taught or suggested a method of producing a wide viewing angle polarizing film comprising: directly laminating a polarizing layer through coating-application of a polarizing-layer forming material onto an optical compensation film without an adhesive, and laminating a retardation film and/or a brightness enhancement film onto the polarizing layer. Kitagawa (JP 2000-321426) disclosed the same resulting structure, but did not teach directly laminating a polarizing layer through coating-application of a polarizing-layer forming material.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

Any inquiry concerning this communication or earlier communications from the examiner should be directed to David Chung whose telephone number is (571) 272-2288. The examiner can normally be reached on Monday-Friday from 8:30 am to 5:00 pm.
